

The VIP Players Club at palottery.com is the main source for monthly coupons.

**Players must enroll to receive coupons by email and SMS message.**

- ❖ The WAVE is able to scan coupon barcodes from a smartphone using the hand-scanner.
- ❖ Both the PHD and PEX touch screen vending units accept smartphone and paper coupons.
- ❖ We ask all retailers to redeem ALL PA Lottery coupons, which come in different sizes, shapes and on different types of paper.
- ❖ Coupon barcodes can be used one time only. When a “Coupon Already Redeemed (E179)” message shows it means the coupon was already used. As an example, the player may have printed the same coupon twice.
- ❖ “Coupon Not Valid (E180)” indicates that the retailer is not following redemption instructions.
- ❖ Mobile coupons are accepted at WAVE terminals, PHD and PEX machines.
